

The City of Winnipeg
Public Works Department
CHIEF PEGUIS TRAIL PROJECT
PUBLIC OPEN HOUSE
March 6, 2008

Please tell us what you think.

My Postal Code is: _____

Please check the box that most applies:

	Strongly Agree	Agree	No Opinion	Disagree	Strongly Disagree
1. The Chief Peguis Trail Project is needed today to improve regional travel and to ease congestion on residential streets.
2. The corridor design will result in environmental benefits (i.e. reduced vehicle emissions).
3. The corridor will provide economic benefits (i.e. time and fuel savings).
4. The multi-use (pedestrian/cyclist) path is an important link in the transportation system (i.e. the Trans Canada Trail; Northeast Pioneers Greenway; Bunn's Creek Trail; Cordite Trail).
5. I am concerned about the proposed closure of Molson St between Springfield Rd and Red Oak Dr.
6. I am concerned about the proposed closure of Raleigh St between Donwood Dr and Gilmore Av.
7. Additional traffic signals along Lagimodiere Boulevard will be necessary as traffic increases in the future.
8. The Chief Peguis Trail Project is a necessary improvement to Winnipeg's overall transportation system.
9. The plan presented today addresses the area's immediate and future travel needs.
10. I like the proposed plan to construct the extension of the Chief Peguis Trail.
11. Comments or suggestions (please use the reverse side of this page)					

Thank you for completing this questionnaire. Please drop it off at the sign-in desk as you leave or return by March 14, 2008, to Don Hester, UMA Engineering Ltd., 1479 Buffalo Place, Winnipeg, MB, R3T 1L7, Tel: 284-0580, Fax: 475-3646, E-mail: don.hester@uma.aecom.com
