

Waverley Underpass

Construction Update #1

Construction of the Waverley Underpass project is underway! This is the first of numerous construction updates that will be provided for the duration of the project.

Preliminary Works Winter 2017

Construction is underway on preliminary works required to be in place prior to starting construction on the detour road and rail, which include:

- Construction fencing
- Installation of land drainage pipes adjacent to Waverley and an outfall to the pond west of Grant Memorial Church

Detour and Road Construction Spring - Fall 2017

Between the Spring and Fall of 2017 several portions of the project will be under construction. These include:

- Road and Rail detours
- Grant and Waverley intersection improvements
- Rehabilitation of Waverley between Mathers and Grant

The road and rail detours will be completed and open to traffic in the Fall of 2017. Please note that temporary lane and sidewalk closures will occur during construction of the Waverley Underpass project.
