

Waverley Underpass

Fall 2017

Issued Sept. 11, 2017

Construction Update #3 - Temporary Weekend Closure & Detour Opening

Fall is here and the next phase in the construction of the Waverley Underpass will begin shortly.

Construction Work to Date

Preliminary works on the road and rail detour, intersection improvements, and reconstruction of Waverley between Taylor and Grant are nearing completion.

Temporary Weekend Closure

To complete final detour construction work there will be a temporary weekend closure of the project area.

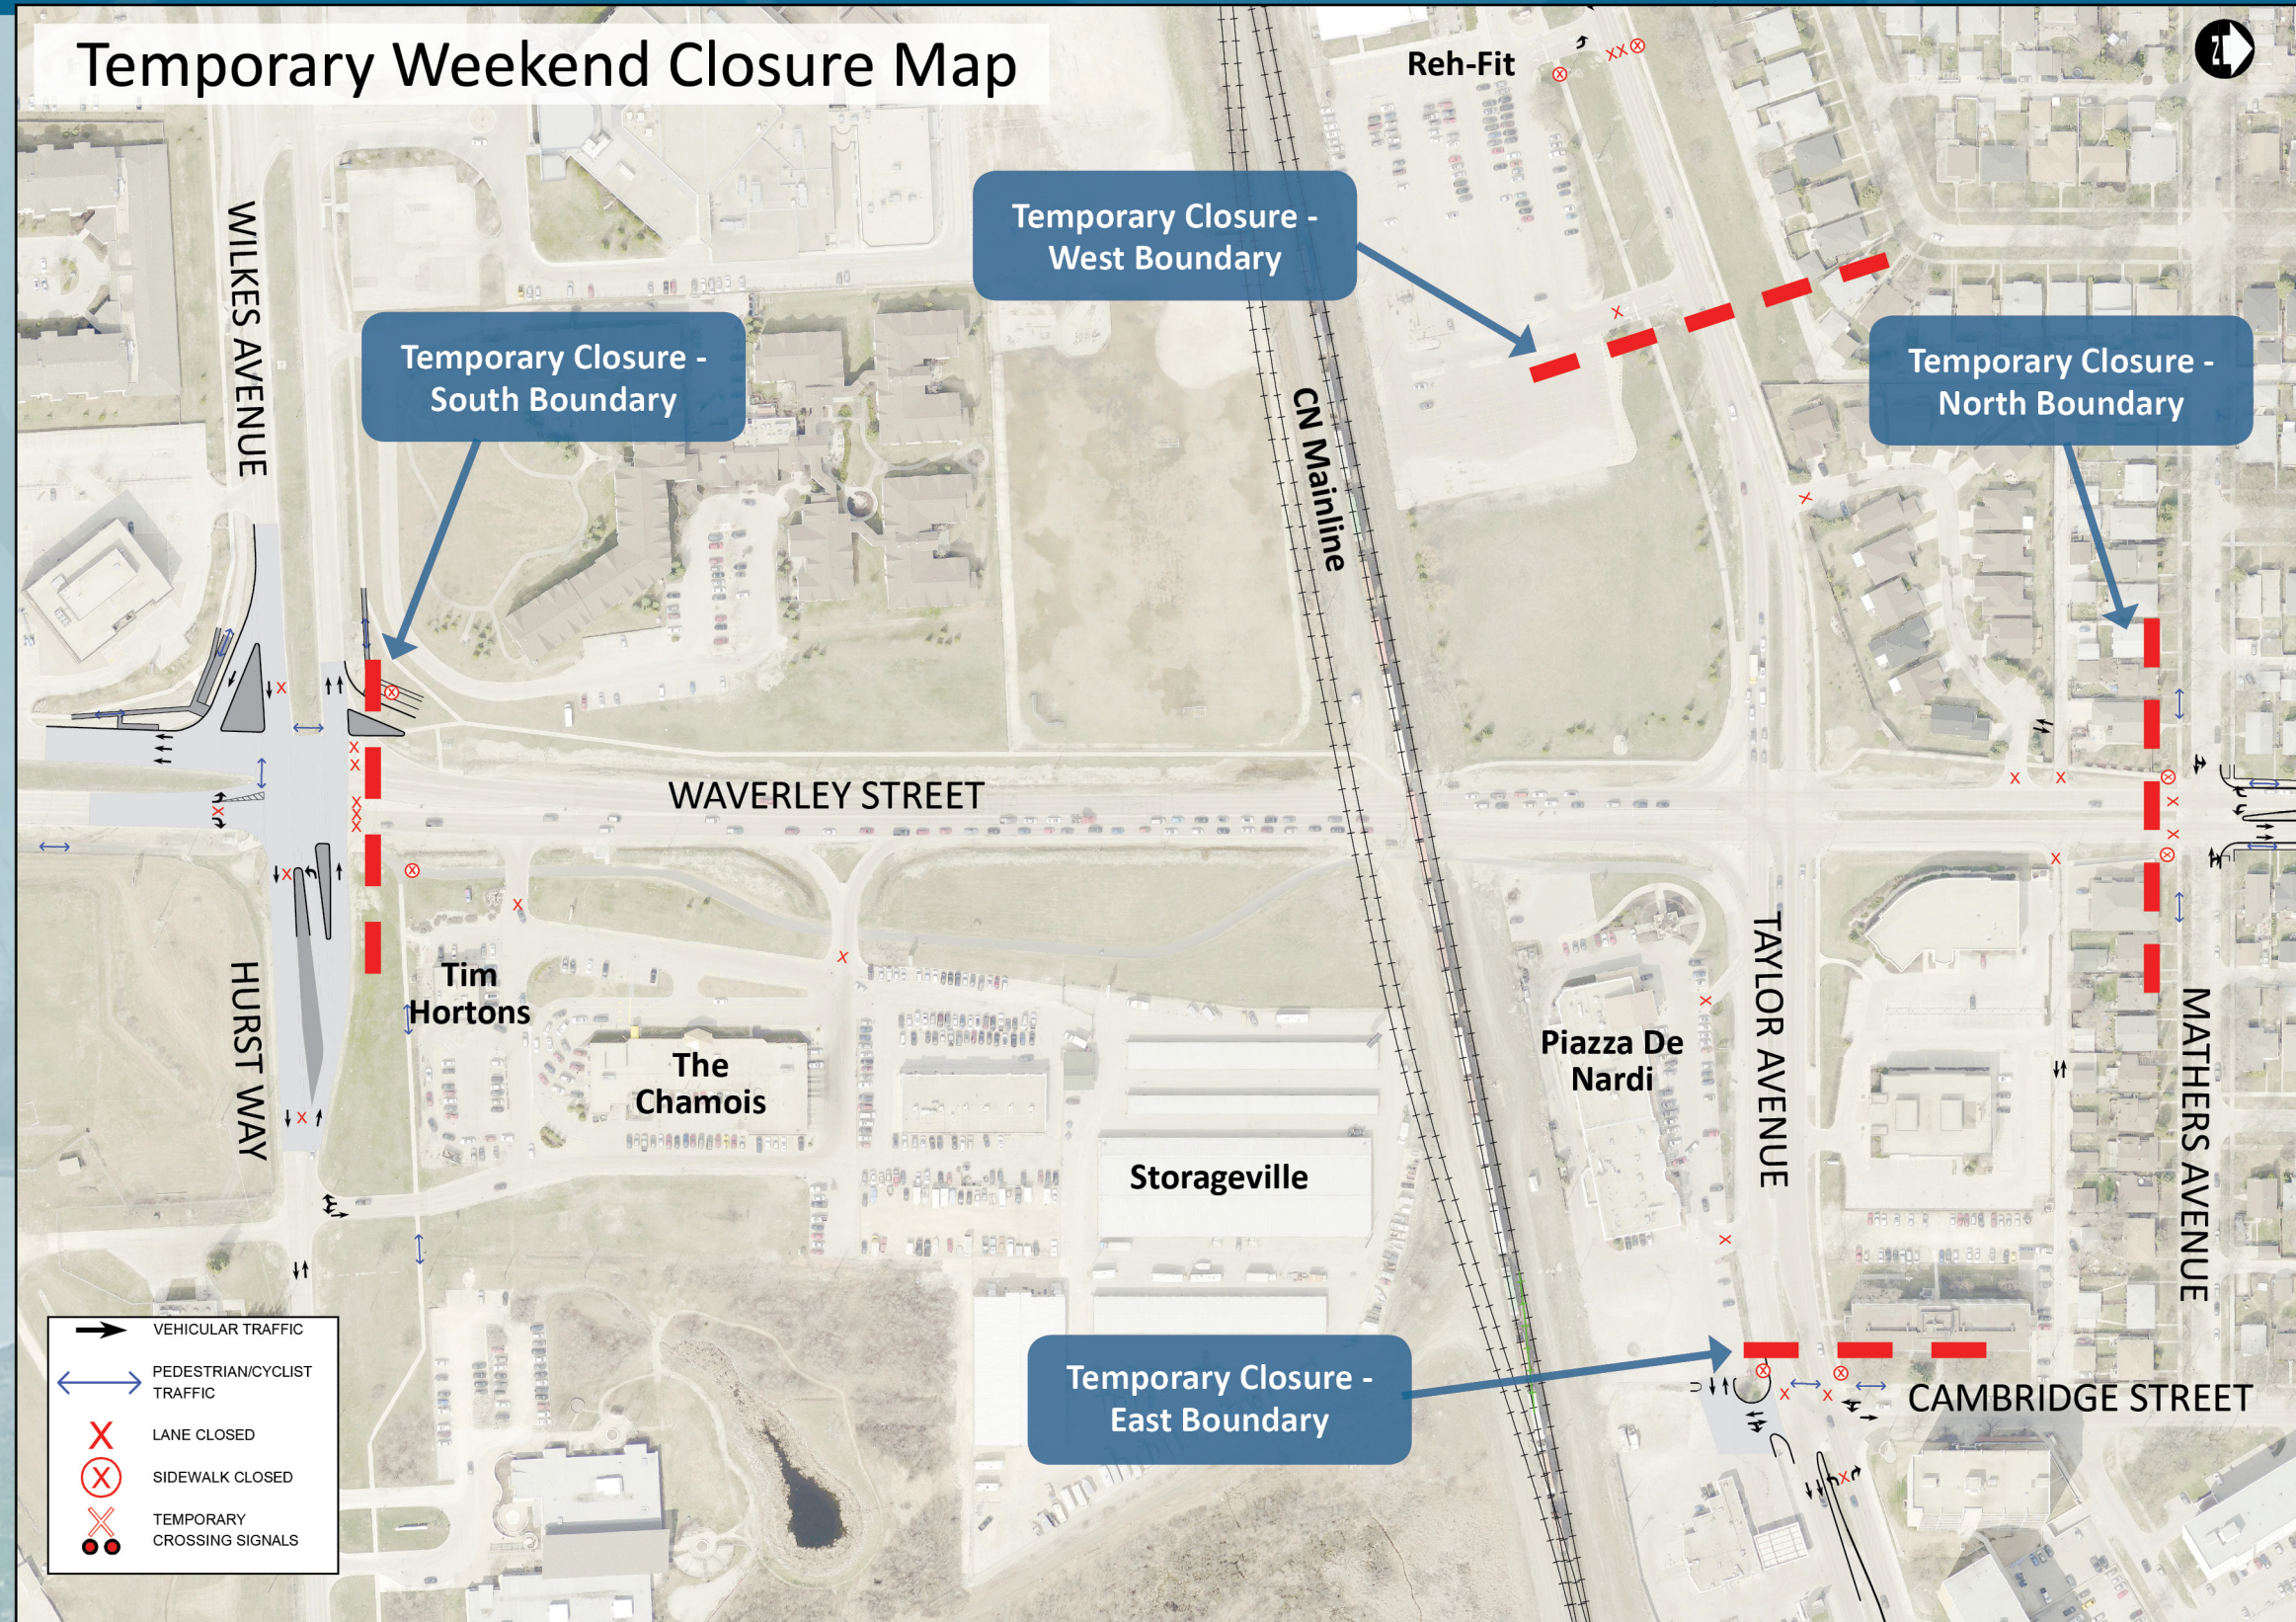

- Closure starts Friday, September 29, 2017 at 5:30pm
- Closure ends Monday, October 2, 2017 at 6:00am
- The project area will be closed to all vehicles, pedestrians, and cyclists, refer to map at right for details
- Property owners will have access via other routes and access points
- Additional communications will occur if closure dates change or the closure dates need to be extended

Waverley Underpass

Construction Update #3 - Temporary Weekend Closure & Detour Opening

Fall 2017

Issued Sept. 11, 2017

Detour Restrictions

On Monday, October 2, 2017 immediately following the weekend closure, traffic will begin operating on the Waverley Detour roadway.

A multi-use path for pedestrians and cyclists will be provided along the west side of the detour. The detour will cross the CN Mainline at a temporary at grade crossing.

While traffic is operating on the detour, a number of turning movement restrictions will be in place. Refer to the Detour Map at right for details. Detour turn restrictions include:

- Eastbound Taylor at Waverley (detour) must turn right
- Northbound Waverley (detour) at Taylor, no left turn
- Southbound Waverley at Taylor, no left turn

Future Construction Work

With traffic on the detour, construction of the underpass bridge and roadway will proceed over the following two years. Traffic is expected to transition back under the new underpass in the Fall of 2019.
