

Waverley Underpass

Construction Update #5

Spring 2018

Issued Apr. 16, 2018

Spring is here and the next phase of the Waverley Underpass project is well underway.

Construction Work to Date

Vehicles and trains were successfully detoured around the project site in the fall of 2017. Work on the rail bridge and pump station started this past winter and will continue throughout the summer of 2018.

Ongoing works include:

- Rail bridge
- Pump station
- Underground works on Taylor Avenue

Upcoming Works

From Spring to Fall of 2018 several areas within the project will be under construction, including:

- Twinning of Taylor Avenue from Lindsay Street to Waverley Street
- Intersection improvements at Wilkes Avenue and Waverley Street (continued from last year)
- Twinning of Hurst Way with connection to new Hurst Way extension through Parker Lands

Traffic will operate on the detour road throughout this phase. Please note that temporary lane and sidewalk closures will continue to occur during construction of the Waverley Underpass project.
